

TWO KILLED WHEN CAR  
JUMPS FROM BRIDGE

NASHVILLE, Tenn., Aug. 6.—John G. Ballentine, son of former Congressman John G. Ballentine, deceased, and George Adams, were instantly killed Tuesday night near Pulaski, when the car in which they were going to Pulaski from Ballentine farm, ran off a bridge.

The accident occurred when the driver of the car attempted to avoid crashing into a buggy, occupants of which are reported to have leered "guess that bunch won't scare us any more," as they drove on their way. Manuel West, driver of the car, was saved from drowning by Butler Johns, an occupant of the car, who escaped injury. John G. Ballentine, a brother of Henry Ballentine, of Washington, D. C., and Andrew Ballentine, of Sardinia, Miss.

## IT'S VERY TEMPTING!

A Syrup You Can Eat  
at Every Meal

You like syrup—everybody does. But you have never found a syrup so good and pure and appetizing that you can eat at every meal—unless you have tried Domino Golden Syrup.

It is different from all other table syrups. Sweet—but not too sweet—none of that "over-seasoned" sweetness. Just a rare and delicate "dash" of the flavor of cane. A most delicious flavor.

Domino Golden Syrup is a pure product—refined with much care. So good you can drink it—so delicious you never tire of it. A fine food for children.

From your grocer—in 15 oz. and 25 oz. cans. Ask him today for Domino Golden Syrup. Try it on bread, cakes, waffles and biscuits. You will be sure to like it—immensely! Domino Golden Syrup is made by the American Sugar Refining Company, refiners of Domino Package Sugars—Granulated, Tablet, Powdered, Confectioners, Brown. adv.

REPORT DECLARES  
SHOE PRICES ARE  
DUE TO PROFITEERS

WASHINGTON, Aug. 6.—Unprecedented profits taken by slaughterers, tanners, manufacturers and dealers for which there was no justification are responsible for the high prices of shoes, congress was informed today by the federal trade commission, which recently completed an inquiry into the shoe business for the period of 1914 to 1913.

The commission's complete report was available, but President Wilson was understood to have ordered a detailed summary printed immediately and transmitted to congress in connection with efforts of the government to combat high living costs.

## COCKROACHES

Representative Ives, Democrat, Missouri, now has pending in the house a resolution providing for an inquiry into shoe prices by the commission, but his efforts to get action on it repeatedly have met with failure.

Further work on the Memphis levee by the government hydraulic grader will not be conditioned upon the city's appropriating additional funds for the work, according to a statement Wednesday by Maj. John H. Hodges in charge of the local office of the United States engineers. The grader is needed by the government for its own work and will be immediately put into that work.

In answer to a direct question, Maj. Hodges stated that the work of the government was so urgent that even though the city appropriated additional funds the grader would not be available at this time and probably not for some time to come.

The hydraulic grader was removed from the wharf work Tuesday afternoon. The city has already spent a total of \$3,500 for the work of this grader in washing the mud deposit from the levee and the work is as yet incomplete. With the river falling constantly the deposit of mud continues to grow and owners and operators of boat lines at Memphis fear that the deposit will put the levee in such shape that no boats can land and rivermen regard the situation as one of the most serious that has confronted them in years.

## Has Cost City \$3,500.

The government grader will be sent to down-river points for use in releveling work and was towed from its landing place at the foot of Monroe street Tuesday afternoon.

During the five weeks that the grader has operated for the city the mud deposit has been kept in most instances even with the water line, but continued fall of the river soon will have the levee in practically as bad condition as it was prior to the beginning of work by the grader. The vessel has cost the city \$100 per day to operate and stated that another 10 days' work would be sufficient. C. W. Miller, commissioner, was directed to make an investigation of the matter but the statement of Maj. Hodges Wednesday that the grader would not be available for that work even though the city made an additional appropriation, may end the city's activity in that direction.

An alternative suggested by a citizen Wednesday was that the city detach one of its fire engines from active duty and have city forces perform the work, the fire engine being able to pump water at nearly the same pressure as the government grader.

GIRLS! USE LEMONS  
FOR SUNBURN, TAN

Try it! Make this lemon lotion to whiten your tanned or freckled skin.

Squeeze the juice of two lemons into a bottle containing three ounces of Orchid White, shake well, and you have a quartet pint of the best freckle, sunburn and tan lotion, and complexion whitener, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of Orchid White for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands and see how quickly the freckles, sunburn, windburn and tan disappear and how clear, soft and white the skin becomes. Yes! It is harmless. adv.

Carnation  
For the Camper

With a few cans of Carnation in your camping equipment you will never need to worry about milk and cream. No matter how far afield you go, your milk supply is always "on top" whenever "lunch" is ready. Steaming hot coffee, creamed with Carnation, is a delicious beverage. Diluted with three-fifths water, Carnation Milk is a healthful, satisfying drink. Carnation Milk is just pure, sweet cows' milk, evaporated to the consistency of cream and sterilized. It is the home milk supply, safe, economical and convenient. Order a few cans from your grocer.

Book of 100 Recipes Free on request. Write Carnation Milk Products Co., Chicago, Ill. Remember, your grocer has Carnation

ROTARIANS DISCUSS  
LABOR DISTURBANCES

The spirit of unrest in the industrial world, resulting in strikes and walk-outs and the probable remedies were the subject of discussion at the regular weekly luncheon of the Rotary club at the Hotel Chicago Tuesday afternoon. W. C. Johnson delivered an impromptu review of labor conditions which was made the subject of general discussion and a number of timely suggestions were made that later may aid in the solution of some of pressing problems.

A resolution of indorsement was passed on the action of the pursuit and effort to apprehend the quintet of ruffians who attacked and attempted to abduct Miss Hazel Bray last Sunday.

SGT. YORK WANTS  
TO SEE MEMPHIS

Hero Invited to Attend the Cotton States Merchants' Convention Here.

The committee from the Cotton States Merchants' association which went to Jackson, Tenn., Tuesday to see Sergt. Alvin C. York, the world's war hero, and to extend to him an invitation to be present at the convention of the association on Aug. 13, 20 and 21, returned Tuesday night and reported Sergt. York had accepted the invitation provided there is no other appointment which interferes. Upon his return to Nashville on Thursday he will wire the association definitely, but from all indications there seems no doubt that he will be present. Sergt. York expressed a keen desire to come to Memphis and stated that though there were appointments in the way if they could be set aside he will be present.

The committee from the Cotton States Merchants' association was composed of W. H. Cleveland, chairman of the program committee; W. R. King, chairman of the executive committee; J. R. Palmer, chairman of the entertainment committee; P. M. Birmingham, secretary; and Thomas B. King, chairman of the good roads committee of the Chamber of Commerce of Memphis.

If there was any question in the minds of the committee as to what attendance to expect at this convention before having made this trip to Jackson, it no longer exists. The members learned at the office of the Jackson chamber of commerce that not less than 40 business men of that city will be in the delegation headed by J. D. Johnson, mayor of the city and vice-president of the association of commerce. Mr. Johnson is very enthusiastic about the association and it will be recalled that he was the winner of the 1100 loving cup given to the best speaker on the subject "What We Are Doing in Our Community." He is very proud of this cup and takes every opportunity to show it.

TUESDAY HOTTEST DAY  
OF SEASON—NO RELIEF

The hottest day of the present year was recorded Tuesday, according to official records of the local weather bureau. The maximum temperature was 35 degrees, which, according to official records, was one-tenth of a degree above June 17 and was one degree above the highest mark for the month of July.

Weather bureau officials state that

no immediate relief from the heat of the past few days is in sight but they point out that Memphians are more fortunate than other cities, citing the fact that the Fort Smith, Ark., official record for Tuesday was 102 degrees.

PARKIN HAS GOOD CAMP  
GROUND FOR BOY SCOUTS

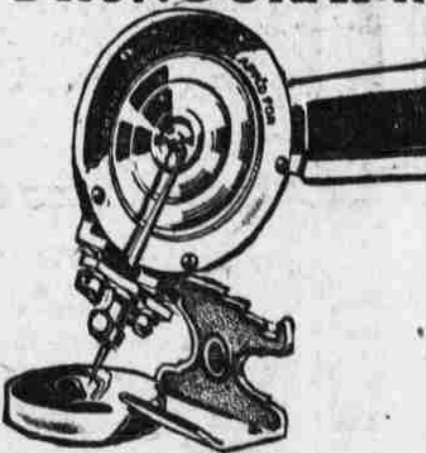

Should the Memphis Boy Scouts seek any other site for summer camping than the present one, Kamp Kia Kima, near

Hardy, Ark., an invitation has been extended to camp on the banks of the St. Francis river near Parkin, Ark. Through Thos. S. Holmes, at Earle, Ark., an invitation has been extended by L. P. Webb, representing the citizens of Parkin. It sets out the beauties of the site near Parkin and pledges the citizens of that town to do everything possible for any Memphis boys that might choose to come.

The  
CHENEY  
PHONOGRAPH

## The Cheney Reproducer

A patented feature—its wonderful flexibility and scientific construction carries delicate tones, pure, clear, "Blast" on high notes eliminated.

Equal to Period Furniture  
from the Old World

EACH Cheney Phonograph is a refined and dignified interpretation of one of the famous periods of English furniture.

Two of the cabinets reflect the subtle charm of those old masters of design, Hepplewhite and Sheraton, others portray the handicraft of the Georgian, William and Mary, and Queen Anne eras.

So modest and unobtrusive are these exquisite cabinets that they harmonize perfectly in almost any environment. In workmanship and finish they are masterpieces of the finest furniture craftsmen in this country.

You will learn to love the Cheney—outwardly so refined, inwardly capable of producing tones as sweet and pure as nature's own. Its price is no higher than others.
